**Experience Caring**

# Welcome to UCSI-CDC

## UCSI-CDC Provides A Stimulating Curriculum That Focuses On:

Thematic Integrated, project and activity based

Children's interest, level and ability

Hands-on, experiential and fun learning

Developmentally appropriateness that fosters development across all domains including cognitive, language, physical, social-emotional and creativity

Decision making and independence to promote the development of high-self-esteem and empowerment

## Overview

The setting up of UCSI-CDC is consistent with our mission to provide holistic, child-centred and enjoyable learning experiences to children. Our aim is to give them a strong foundation of good character and a head start to their subsequent education and development. The methodology adopted at UCSI-CDC is based on the integration of themes, projects and activities, child-centredness and caters to appropriate ages and individual needs.

**'Our kindergarten provides depth in curricular experiences while meeting the needs of the whole child'**

At UCSI-CDC there are plenty of opportunities for teacher to child/ child to child interactions. The learning environment allows children to pursue their individual interests and develop their creativity, cognition, independence, character, and responsibility. There are also opportunities for hands-on, multi-sensory learning with a combination of explicit, teacher-directed instruction and child-directed, child-generated learning experiences. The social and emotional development of children is given due attention to ensure true holistic development of the children.

## Child-Centered Learning Environment

To achieve the provision of exciting and dynamic learning experiences, the environment at UCSI-CDC is specially designed based on:

- The needs of children in different age groups
- Conduciveness
- High-safety standards
- Attractiveness and colour appeal
- Ideal teacher - student ratio
- Provision of a place that is culturally diversified and without bias
- Family involvement and participation
- Open trusting relationships with families by respecting and valuing individual differences of ethnic, culture and religious preferences
- Children's health and well being through appropriate hygiene practices
- Well-balanced and nutritious menu which also caters individual specific dietary requirements

## The UCSI-CDC Teachers are:

- Qualified, trained and experienced
